Neil McKeown, Manager
Gro-Bark (Ontario) Ltd.
816 Mayfield Rd
Caledon, Ontario
L7C 0Y6

Dear Sir:

**Re: Notification of Change of Address
MOE Reference Number 2161-AAHJ7U**

The Ministry of the Environment (the "Ministry") acknowledges receipt of your letter dated February 15, 2016 requesting a change in company address:

FROM: Gro-Bark (Ontario) Ltd.
151 Frobisher Dr
Waterloo, Ontario
N2V 2C9

TO: Gro-Bark (Ontario) Ltd.
816 Mayfield Rd
Caledon, Ontario
L7C 0Y6

By this letter, the Ministry advises you that your notification of change in company address has been registered in our records for the following Approval(s):

[Approval(s) – Project type: Air]:

4811-A4ZQBT

[Approval(s) – Project type: Sewage]:

4207-7K9R93 ✓

The Ministry will not be providing you with an amended approval(s) to reflect the change in

company address. Therefore, this letter must be appended to its corresponding approval(s). The address change will be included in any future amended approval(s).

If you have any questions regarding the above, please contact me at the above phone number.

Yours truly,

Nicole Walker
Application Processor

cc: District Manager, MOECC Halton-Peel

CERTIFICATE OF APPROVAL
MUNICIPAL AND PRIVATE SEWAGE WORKS
NUMBER 4207-7K9R93
Issue Date: October 16, 2008

Gro-Bark (Ontario) Ltd.
151 Frobisher Dr, No. D213
Waterloo, Ontario
N2V 2C9

Site Location: Gro-Bark-Georgetown
816 Mayfield Road
Lot Part of Lot 18, Concession 5
Caledon, Regional Municipality of Peel

You have applied in accordance with Section 53 of the Ontario Water Resources Act for approval of:

the establishment of stormwater management *Works* for the treatment and disposal of stormwater runoff from a catchment area of approximately 19.3 hectares at the above site development for top soil mixing and storage operations, to provide Enhanced Level water quality protection and to attenuate post-development peak flows for all storm events up to and including the 100 year return storm, consisting of the following:

Northern Pond

- an extended detention wet pond with a sediment forebay and a main wet stormwater detention cell, having a total permanent pool volume of 9,400 m³, an extended detention storage volume of 2,980 m³ for quality and erosion control for the initial 25 mm precipitation of a rainfall event to be slowly released over a minimum 48-hour period, and an additional attenuation storage volume of 2,560 m³ for peak flows control up to the 100 year storm event to 85% of the corresponding pre-development flows, complete with inlet swales and check dams, hicken-bottom riser, reversed slope outflow pipe with orifice, outflow weirs, grassed outflow channels and infiltration trench type flow spreaders discharging to the existing adjoining properties;

Southeast Pond

- an extended detention wet pond with two sediment forebays and a main wet stormwater detention cell, having a total permanent pool volume of 427 m³, an extended detention storage volume of 150 m³ for quality and erosion control for the initial 25 mm precipitation of a rainfall event to be slowly released via a control orifice, and an additional attenuation storage volume of 229 m³ for peak flows control up to the

100 year storm event to the corresponding pre-development flows, complete with inlet swales and check dams, hicken-bottom riser with orifice, reversed slope outflow pipe, overflow weir, grassed outflow swale with check dam, discharging to the existing ditch along Mayfield Road;

Southwest Pond

- an extended detention wet pond with a sediment forebay and a main wet stormwater detention cell, having a total permanent pool volume of 349 m³, an extended detention storage volume of 108 m³ for quality and erosion control for the initial 25 mm precipitation of a rainfall event to be slowly released via a control orifice, and an additional attenuation storage volume of 864 m³ for peak flows control up to the 100 year storm event to the corresponding pre-development flows, complete with hicken-bottom riser with orifice, reversed slope outflow pipe, overflow weir, grassed outflow swale with check dam, discharging to the existing ditch along Mayfield Road;

all in accordance with the following submitted supporting documents:

1. Application for Approval of Municipal and Private Sewage Works dated July 04, 2008, including stormwater management report and engineering plans;
2. Revised stormwater management design submitted by Aaron Ward of Richardson Foster Ltd. dated October 7, 2008, including technical memo and revised engineering plans.

For the purpose of this Certificate of Approval and the terms and conditions specified below, the following definitions apply:

"*Certificate*" means this entire certificate of approval document, issued in accordance with Section 53 of the Ontario Water Resources Act, and includes any schedules;

"*Director*" means any *Ministry* employee appointed by the Minister pursuant to section 5 of the Ontario Water Resources Act;

"*District Manager*" means the District Manager of the Halton-Peel District Office of the *Ministry* ;

"*Ministry*" means the Ontario Ministry of the Environment;

"*Owner*" means Gro-Bark (Ontario) Ltd. and includes its successors and assignees;

"*Works*" means the sewage works described in the *Owner* 's application, this *Certificate* and in the supporting documentation referred to herein, to the extent approved by this *Certificate* .

You are hereby notified that this approval is issued to you subject to the terms and conditions outlined below:

TERMS AND CONDITIONS

1. GENERAL PROVISIONS

(1) Except as otherwise provided by these Conditions, the *Owner* shall design, build, install, operate and maintain the *Works* in accordance with the description given in this *Certificate*, the application for approval of the works and the submitted supporting documents and plans and specifications as listed in this *Certificate*.

(2) Where there is a conflict between a provision of any submitted document referred to in this *Certificate* and the Conditions of this *Certificate*, the Conditions in this *Certificate* shall take precedence, and where there is a conflict between the listed submitted documents, the document bearing the most recent date shall prevail.

(3) Where there is a conflict between the listed submitted documents, and the application, the application shall take precedence unless it is clear that the purpose of the document was to amend the application.

2. EXPIRY OF APPROVAL

The approval issued by this *Certificate* will cease to apply to those parts of the *Works* which have not been constructed within five (5) years of the date of this *Certificate*.

3. CHANGE OF OWNER

The *Owner* shall notify the *District Manager* and the *Director*, in writing, of any of the following changes within thirty (30) days of the change occurring:

(a) change of *Owner* ;

(b) change of address of the *Owner* ;

(c) change of partners where the *Owner* is or at any time becomes a partnership, and a copy of the most recent declaration filed under the Business Names Act, R.S.O. 1990, c.B17 shall be included in the notification to the *District Manager* ; and

(d) change of name of the corporation where the *Owner* is or at any time becomes a corporation, and a copy of the most current information filed under the Corporations Information Act, R.S.O. 1990, c. C39 shall be included in the notification to the *District Manager* .

4. OPERATION AND MAINTENANCE

(1) The *Owner* shall ensure that the design minimum liquid retention volume(s) is maintained at all times.

(2) The *Owner* shall inspect the *Works* at least once a year and, if necessary, clean and maintain the *Works* to prevent the excessive buildup of sediments and vegetation or carry over to the receiver in the effluent discharged from the *Works* ;

(3) The *Owner* shall maintain a logbook to record the results of these inspections and any cleaning and

maintenance operations undertaken, and shall keep the logbook at the corporate office of the *Owner* for inspection by the *Ministry*. The logbook shall include the following:

- (a) the name of the *Works*; and
- (b) the date and results of each inspection, maintenance and cleaning, including an estimate of the quantity of any materials removed.

5. RECORD KEEPING

The *Owner* shall retain for a minimum of five (5) years from the date of their creation, all records and information related to or resulting from the operation and maintenance and monitoring activities required by this *Certificate*.

6. TEMPORARY SEDIMENT AND EROSION CONTROL

(1) The *Owner* shall install and maintain temporary sediment and erosion control measures during construction and conduct inspections once every two weeks and after each significant storm event. The inspections and maintenance of the temporary sediment and erosion control measures shall continue until they are no longer required and at which time they shall be removed and all disturbed areas reinstated properly.

(2) The *Owner* shall maintain records of inspections and maintenance which shall be made available for inspection by the *Ministry*, upon request. The record shall include the name of the inspector, date of inspection, and the remedial measures, if any, undertaken to maintain the temporary sediment and erosion control measures.

The reasons for the imposition of these terms and conditions are as follows:

1. Condition 1 is imposed to ensure that the *Works* are built and operated in the manner in which they were described for review and upon which approval was granted. This condition is also included to emphasize the precedence of Conditions in the *Certificate* and the practice that the *Approval* is based on the most current document, if several conflicting documents are submitted for review.
2. Condition 2 is included to ensure that, when the *Works* are constructed, the *Works* will meet the standards that apply at the time of construction to ensure the ongoing protection of the environment.
3. Condition 3 is included to ensure that the *Ministry* records are kept accurate and current with respect to the approved works and to ensure that subsequent owners of the *Works* are made aware of the *Certificate* and continue to operate the *Works* in compliance with it.
4. Condition 4 is included to require that the *Works* be properly operated and maintained such that the environment is protected.
5. Condition 5 is included to require that all records are retained for a sufficient time period to adequately evaluate the long-term operation and maintenance of the *Works*.

6. Condition 6 is included as installation, regular inspection and maintenance of the temporary sediment and erosion control measures is required to mitigate the impact on the downstream receiving watercourse during construction until they are no longer required.

In accordance with Section 100 of the Ontario Water Resources Act, R.S.O. 1990, Chapter 0.40, as amended, you may by written notice served upon me and the Environmental Review Tribunal within 15 days after receipt of this Notice, require a hearing by the Tribunal. Section 101 of the Ontario Water Resources Act, R.S.O. 1990, Chapter 0.40, provides that the Notice requiring the hearing shall state:

1. The portions of the approval or each term or condition in the approval in respect of which the hearing is required, and;
2. The grounds on which you intend to rely at the hearing in relation to each portion appealed.

The Notice should also include:

3. The name of the appellant;
4. The address of the appellant;
5. The Certificate of Approval number;
6. The date of the Certificate of Approval;
7. The name of the Director;
8. The municipality within which the works are located;

And the Notice should be signed and dated by the appellant.

This Notice must be served upon:

The Secretary*
Environmental Review Tribunal
655 Bay Street, 15th Floor
Toronto, Ontario
M5G 1E5

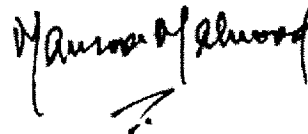

AND

The Director
Section 53, *Ontario Water Resources Act*
Ministry of the Environment
2 St. Clair Avenue West, Floor 12A
Toronto, Ontario
M4V 1L5

*** Further information on the Environmental Review Tribunal's requirements for an appeal can be obtained directly from the Tribunal at: Tel: (416) 314-4600, Fax: (416) 314-4506 or www.ert.gov.on.ca**

The above noted sewage works are approved under Section 53 of the Ontario Water Resources Act.

DATED AT TORONTO this 16th day of October, 2008

Mansoor Mahmood, P.Eng.
Director
